## Cleaners

# FABER SOAP

**Concentrated cleaner with water-repellent and protective features, formulated for the maintenance of polished natural stone floors.**

**FABER SOAP** is an innovative concentrated cleaner for the maintenance of polished natural stone floors. The product combines its cleaning power with water-repellent features, enhancing the shine of the surface. It's the ideal solution for the final cleaning step after polishing. We recommend using **FABER SOAP** every 7 to 10 days.

<b>BENEFITS</b>	✓	Ideal cleaner to be used after polishing operations
	✓	Water-repellent features
	✓	Neutral pH
	✓	It enhances the shine of the material

<b>USES</b>	This product can be used on both indoor and outdoor surfaces. Suitable for use on Natural stone with a polished finish.
-------------	---

<b>COVERAGE</b>	900-1100 m <sup>2</sup> /l
-----------------	----------------------------

<b>APPLICATION EQUIPMENT</b>	Single disc machine
------------------------------	---------------------

### APPLICATION STEPS

#### Surface Preparation

Before proceeding to wash the surface with **FABER SOAP**, it is advisable to clean away any surface residues, such as dust, debris, and coarse dirt, using a broom or a vacuum cleaner,

#### Application

*Before applying the product is necessary to take a preliminary test on an unexposed area or unused piece of material to check the product's suitability.*

- Dilute 2-3 caps of product in 5 liters of water.
- Wash the surface making sure to evenly cover the surface.
- We recommend to go over each surface section for at least 10 seconds.
- Don't let the product dry on the surface.
- Remove the residues with a wet-vacuum.
- If the product dries on the surface we recommend buffing it with a dry white pad.

<b>EQUIPMENT CLEANING</b>	At the end of application, the equipment used can be washed using water.
---------------------------	--
