**500**

MADE IN ITALY

# HYPERLEVI 500

## ESTIMATED PRODUCTION

<b>Concrete Polishing 7 step</b>	8-12m <sup>2</sup> /h
<b>Concrete Grinding 1 step</b>	40-60m <sup>2</sup> /h
<b>Terrazzo Polishing 5 step</b>	10-15m <sup>2</sup> /h
<b>Resin Removal 1 step</b>	40-60m <sup>2</sup> /h
<b>Paint Removal 1 step</b>	40-60m <sup>2</sup> /h
<b>Marble Polishing 5 step</b>	8-12m <sup>2</sup> /h
<b>Granite Polishing 7 step</b>	3-5m <sup>2</sup> /h

Data may vary depending on surface conditions, tools used, operator convenience, equipment, etc.

### Volume

0,72 m<sup>3</sup>

### Size

120x80x75 cm

### Weight

156 Kg

## HYPERLEVI 500

High performance and compact multifunctional grinding and polishing machine available with three-phase or single-phase motor. The H1500 mono-directional planetary features hardened steel gears. Ideal for preparation, grinding and polishing jobs in medium / large rooms. Thanks to the new elastic couplings on each tool holder, the H1500 planetary guarantees maximum reliability and manoeuvrability even in the most demanding grinding steps. The H1500 planetary can be released in few seconds to fit brushes or drivers for abrasive discs diam. 17" / 430mm expanding even more the basic versatility of the machine. The 30-year experience in this field has made HYPERLEVI 500 one of the most versatile and reliable grinding and polishing machine in the world. Ideal for all types of floors processes such as grinding and polishing of marble, granite, stoneware, terrazzo, cement and industrial floors, or preparation of floors and surfaces, the removal of resins and glues and other types of treatments. Easy to carry to the job-site, it quickly divides into 3 parts.

- ✓ **Efficient:** the new motors and inverters reduce power absorption increasing efficiency.
- ✓ **Fast:** in the levelling and finishing steps.

- ✓ **Versatile:** The complete range of accessories makes Hyperlevi suitable for any situation.
- ✓ **Easy to use:** stable, silent and easy to handle.

## TECHNICAL DATA

# Professional floor grinder complete with planetary H1500

Planetary  
Mono-directional.

Quick, safe and tool-free  
tools insertion diam. 200 mm.

Variable speed to maximize  
performance in every situation.

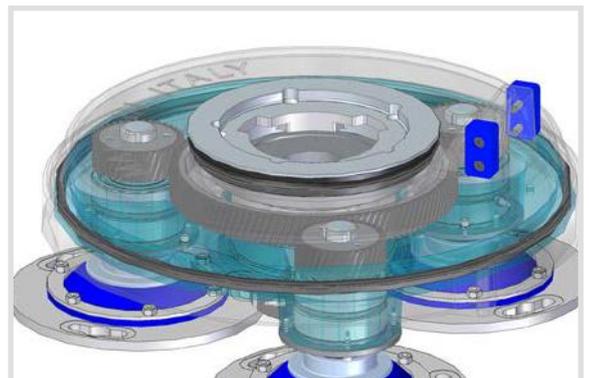

Additional 220V socket on board  
on the back of the handle rod.

Dedicated cast iron weights for sanding  
and polish even the hardest stones. (17 Kg each.)

Liftable and height-adjustable foam wheels.  
The generous dimensions facilitate transportation.

Planetary with new tempered gears for  
maximum reliability.

## FROM GRINDING MACHINE TO SINGLE BRUSH IN JUST A FEW SECONDS

The H1500 planetary can be quickly released and replaced with any accessory for single disc machines such as pad drivers, brushes or free planetary devices. In a few seconds Hyperlevi turns itself from a high-performance grinder to a practical and powerful single-brush machine ready to complete any job on the construction site. Hyperlevi is compatible with all sanding tools and all single-brush accessories.

### GRINDING MODE:

With the H1500 planetary tools rotate up to 1300 rpm for top performance in the category on removal, preparation and grinding.

### SINGLE DISC MODE:

With the wheels lifted and the single-brush accessories, you will need no other additional machinery for the finishing operations on the job-site.

## PLANETARY H1500

The new planetary of Hyperlevi 500 is entirely metallic with helical gears made in thermo-hardened steel. All parts have been designed to last over time, which, together with the quality bearings and the aluminium mold casings, make of this planetary a powerful and reliable work companion.

# HYPERLEVI 500

- 1** New ergonomic and robust handle /// **2** Tank 20 lt /// **3** Single-phase 4HP or three-phase motors up to 5.5 HP ///  
**4** Reinforced steel handle rod. Micro-metric adjustment with gas spring ///  
**5** Stuffed wheels of generous size /// **6** Anti-track rubber bumper /// **7** Flexible anti-shock joints
